

Information on one of our fellow ACA members

Jim & Jan Steele Need All of their dance family to help right now...

To spread the word and please be praying strong as...

Jim Steele has suffered a Major Heart Attack on Tues Night, June 25th and was Life Flighted from Prineville Hosp to St Charles Hosp in Bend, which is where he still is in the hospital to make sure he remains stable before they perform an Open Heart Surgery to repair his 3 arteries to his heart that are blocked. His recovery time will be tough for both Jim & Jan, of which he will not be able to Call dances, workshops, etc for probably a duration of 3 months at this point of knowledge, all depends on how his recovery process develops.

If anyone would like to help set up a...

Benefit Dance on Jim Steele's behalf to help them with the overwhelming Medical debt that will be accumulating rapidly for the duration he will be in the hosp, Open Heart Surgery, all the extensive tests, etc etc.

Jim & Jan have worked very hard over the years to be debt free, and now overwhelmed beyond belief of the amount of debt they will endure with all that they are facing....but you can't put a price on a life, especially the life of this Square Dance Caller of 64 years of Calling...The Caller that makes your feet want to dance!

Grateful for everyone's help, prayers, encouragement and tender hearts for Jim & Jan.
